

Care Accreditation Advantage Accreditation

Advantage Accreditation specialises in tailored accreditation packages for health and social care organisations.

We prioritise flexibility over rigid qualifications, providing a framework to accredit internal training in alignment with our quality standards and national regulations and frameworks.

We offer assistance in upskilling your team to deliver externally validated learning resources, ensuring high-quality training recognised by external bodies like the CQC.

-  Demonstrate your commitment to high training standards.
-  Align training with CQC requirements, national standards and best practices.
-  Save admin time and reduce training costs.
-  Receive ongoing support from our account managers and curriculum team.
